SHOW RULES

Classes in the show fall into two groupings: Rated Divisions (which earn points towards year-end awards) and Non-rated classes, which may be entered singly and do not earn points towards year-end awards). All classes and divisions fall into one of three disciplines: Hunter classes, Equitation classes and Jumper classes. Classes designated as 'Medal' classes are Equitation classes. Although the three disciplines may look similar to the observer, they are judged very differently.

The following rules are applicable to both Hunter and Equitation classes:

1. Martingales are permitted in classes over obstacles and in the jumping phase of classes requiring both jumping and flat work. Changing of bits between phases is permissible
2. In cases of broken equipment or loss of shoe while competing, the rider or handler may choose to continue without penalty. If they decide to stop to address the situation that rider/handler will be eliminated.
3. In the case of the jump(s) falling over due to weather or act of God, the rider must remain in the ring until receiving instructions from the judge(s) or be eliminated. In this instance, the decision of the judge(s) is final.
4. In the event of elimination, the horse must exit the ring immediately.
5. When the class is held in a ring, the performance starts as the competitor enters and ends when he leaves.

Equitation Classes - Faults

Equitation classes are judged on seat, hands, guidance and control of mount.

Except for refusals jumping faults of the horse are not to be considered unless it is the result of the rider's ability. Unless a knock down is caused by a MAJOR rider error, it should not be considered a MAJOR riding fault.

The following constitute major faults:

- a. refusal
- b. loss of stirrup
- c. trotting while on course when not part of a test
- d. loss of reins.

The following constitute elimination:

- a. fall of horse and/or rider (rider shall not remount in the ring)
- b. two cumulative refusals
- c. off course
- d. trotting or cantering through the in-gate or out-gate.

In the event of an elimination, the rider must exit the ring immediately. If elimination occurs during a ride-off, the competitor is placed last of all those chosen for the ride-off, but placed before any riders not participating.

Jumpers

Jumper classes are run according to the rules of certain Jumping Tables (See EB Jumping Tables on the following page). Jumpers are scored on penalties incurred between the starting line and finish line. A competitor, after receiving the signal to begin his/her round, is not being scored until crossing the starting line in the proper manner. Penalties may apply for late falling rails:

- a. after crossing the finish line but before leaving the ring, or
- b. before the tone sounds for the start of the next round.

Penalty faults include disobediences, falls, knockdowns (while in the process of jumping an obstacle) and time penalties. No more than one penalty may be scored at each attempt. If an obstacle is knocked down or displaced for any reason other than it was caused by jumping or an attempt to jump, no penalty is incurred.

Penalties will be assessed according to the following table of jumping faults:

1.	Knockdown: a. Of obstacle or standard with any portion of horse, rider or equipment, when jumping that obstacle, b. one or more feet in the water or on the lath, when the lath is being judged, c. or knockdown of rail placed over a water obstacle.	4 faults
2.	Knockdown of automatic timing equipment, other designated markers on start and finish lines	4 faults
3.	First disobedience anywhere on course	4 faults
4.	Second cumulative disobedience anywhere on course	Elimination (Exception: classes designated for horses five years of age and under where penalty is 4 faults)
5.	Third cumulative disobedience anywhere on course in classes designated for horses five years of age and under	Elimination
6.	Exceeding Time Allowed (for each commenced second over the Time Allowed)	1 Fault
7.	A horse resisting for 45 consecutive seconds	Elimination

8.	Taking more than 45 seconds to jump the first obstacle after the time of the round has begun	Elimination
9.	Taking more than 45 seconds to jump the next obstacle on course	Elimination
10.	Fall of horse and/or rider	Elimination
11.	Jumping an obstacle before it is reset, or without waiting for signal to proceed	Elimination
12.	Starting before judge's signal to proceed	Elimination
13.	Jumping an obstacle before crossing start line unless said obstacle is designated as a practice obstacle or after crossing the finish line, whether forming part of the course or not	Elimination
14.	Off course	Elimination
15.	Leaving the enclosure of a closed obstacle incorrectly	Elimination
16.	Rider and/or horse leaving the arena before finishing the course	Elimination
17.	Any competitor at the end of his/her round who does not leave the arena through the designated gate (e.g. jumping out of the arena)	Elimination
18.	Actions against a horse deemed excessive (For example: excessive use of whip or spurs at any time within the arena.)	Elimination
19.	Exceeding the time limit	Elimination

- Verticals. When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.
- Spreads. When an obstacle to be taken in one effort is composed of several elements not in the same vertical plane (i.e., oxer, triple bar, etc.) faults at more than one element are penalized only once
- Combinations. In combinations, the faults committed at each element are scored separately. In case of refusal or run-out at one element of a combination (and upon the judge's signal that the obstacle has been reset, if necessary), the competitor must rejump the entire combination.
- Broken Equipment. In cases of broken equipment or loss of shoe, the rider must continue if he wishes to avoid penalty, or may retire.
- Setting a Standard. After the first round of the first class in any section, management or the judges may order a competitor from the ring when it becomes evident that their performance prohibits them from being in the ribbons.
- Courtesy Fence. An eliminated competitor has the right to make one attempt to jump an additional single obstacle, which the judge(s) may designate, but may not continue thereafter. (Exception: The right to attempt an additional obstacle does not apply in the case of the fall of the horse or rider.)
- Exiting the Arena. Any competitor who does not leave the ring promptly at the end of the round or after being eliminated is liable for a fine of up to \$100 payable to The Federation, and may be disqualified from future classes during the competition at the discretion of the judge(s). Any competitor at the end of his/her round who does not leave the arena through the designated gate(s) (e.g. jumping out of the arena), is eliminated.
- Outside Assistance. Riders receiving physical assistance from outside the ring (i.e., lunge whips, etc.) while on course will be eliminated. Jumping Obstacles Not Part of the Course. Any competitor who jumps any obstacle not part of the course will be eliminated.
- Definition of Competed. A competitor is considered to have competed only after he has entered the ring, and received the signal to start. Competitors who are unable to complete the first round of a competition have no right to any prize, with the exception of Fault & Out, Gamblers Choice or other classes with special rules with requirements as to the finish.
- Failing to Complete. A competitor failing to complete a particular round shall have the reason recorded on the judge's card as follows:
 - a. Withdrew (WD), or did not start (DNS) indicates that the competitor failed to enter the arena within one minute of being called. The time for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time for entering the ring.
 - b. Retired (RT) indicated that the competitor voluntarily retired prior to completing their round.
 - c. Eliminated (E or EL) indicates that during their round the competitor was eliminated by the judge for any of the various reasons indicated in these rules.
 - Points Not Covered in Rules. Judges have the authority to make decisions on any point not covered in the rules applying to class procedure, scoring, and conduct affecting a class under their jurisdiction.

EB Jumping Tables – Classes scored on Faults and Time

Timed First Round (Table II, Sec. 1)—The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults are classified according to their time taken to complete the course.

Timed first jump-off

a. Table II, Sec. 2 (a)—The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In the event of equality of faults after the first round, there will be one jump-off for first place only in which time will decide in the event of equality of faults.

b. Table II, Sec. 2 (b)—The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if

necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. It is recommended that no more than ten numbered obstacles be included in the first round when the class is scored under this table.

c. Table II, Sec. 2 (c)—Two Phase Competitions - The first phase to consist of 8 to 10 jumping efforts and the second phase (immediate jump-off) of 5 to 7 jumping efforts. Scores are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If there are no clean rounds and a tie exists for first place, there will be one jump-off, in which time will decide in the event of equality of faults. The use of a Time Allowed is optional in the first round. The Time Allowed in the first round may be taken by electronic or manual means.

Disputes / Complaints

The decision(s) of Show Management and Equestrian Bahamas are final in all manner of disputes regarding the show, its classifications, logistics or eligibility of horse/rider. Complaints/feedback regarding the show must be directed to Show Management. At Show Managements' discretion, poor sportsman-like behavior or unprofessional/discourteous conduct, will result in the individual being asked to leave the Property and removed from participation at future CRC events. Please keep in mind that the majority of individuals "working" the horse show are volunteers and are donating their time to put on a successful event for everyone. Show Management reserves the right to refuse entry of any exhibitor for any reason.

Points

Points are awarded as follows for allocation toward End of Year awards in each rated division.

Classes with 6 or more competitors

1st place – 10 points	2nd place – 6 points
3rd place – 4 points	4th place – 3 points
5th place – 2 points	6th place – 1 point

Classes with 5 or fewer competitors

1st place – 8 points	2nd place – 5 points
3rd place – 3 points	4th place – 2 points
5th place – 1 points	

In calculating Division Championships, Under Saddle points are equally weighted with Over Fences points in Equitation Divisions. In the event of a tie in Hunter Divisions, Over Fences points will be used to determine the tiebreaker.

Marshall & Sterling League Medal classes will be allocated points according to the rules of the Marshall & Sterling League.

The open numerical hunter scoring system may be used at the discretion of Show Management.

General Regulations

- No horses or ponies will be allowed in any Hunter, Jumper or Equitation class 'hors concours' during the competition.
- All persons must wear a back number when on horseback anywhere on show grounds.

The penalty for wearing or carrying a forbidden device if observed by the judge may be elimination from the class during which the device was worn or carried. Exception: A handicapped participant may use electronic devices if, prior to the class, he/she presents to the EB Steward written justification from treating personnel setting forth the necessity for the equipment.
- Riding anywhere on the competition grounds with stirrup, stirrup leather or foot tied or otherwise secured is cause for disqualification, by the steward, of that rider from the subsequent class in which the rider is entered. In the case of junior or amateur riders, the steward will note the trainer name(s) on the Steward's Report and further disciplinary actions may be taken by the Federation.
- Show Management reserves the right to change scheduled classes at any time or venue for any reason: for example inclement weather, time constraints or any other reason the Management decides is best for the competition and the horses' well-being.
